

DEMOCRATIC YOUTH FEDERATION OF INDIA

26TH AUGUST 2022

NEW DELHI

To the Second Congress of the League of Youth Communists USA

Comrades,

The Democratic Youth Federation of India extends revolutionary greetings to you on the occasion of your organisation's second greetings.

At a time when the struggle between imperialist forces and anti imperialist forces across the world in various countries and regions is intensifying, it is heartening that a congress of an organisation of communist youth is taking place in the very country at the core of imperialism.

For long imperialism has been used to divide the working class across various countries. However it has been increasingly exposed as living standards of the working class in the advanced capitalist countries have seen sustained declines. This happens even as the oppressed masses of the countries in the third world are seeing further worsening of their conditions.

It is also in this time that socialism has shown us the enduring truth that there is an actually existing alternative. In the face of continuous onslaught by imperialism their continued endurance inspires the masses across the world.

Further the pandemic had laid bare the chaotic and inhuman nature of the capitalist system as opposed to the planned and compassionate socialist system.

The youth in countries across the world have, in spite of the relentless imperialist and capitalist propaganda, become increasingly political and are organising themselves to build a better future.

It is also the socialist organisations who have championed the struggle against casteism, patriarchy, religious and ethnic extremism, racism, homophobia, transphobia and other systems of oppression. It has been made clear that these struggles are part of one integrated struggle.

The struggle for saving the environment is also integrated into the struggle against imperialism and capitalism. The unceasing profit motive and waste of resources under the capitalist system are the prime cause of the destruction of the environment and global climate change.

On behalf of the youth of India we salute your Congress. We hope for the successful completion of your Congress and for it to energise the movement for revolutionary transformation in the USA.

Red Salutes!

A A RAHIM,
DYFI ALL INDIA PRESIDENT

HIMAGHNARAJ BHATTACHARYA,
DYFI GENERAL SECRETARY
