

JUVENTUDES

INFANTISTAS

Hello comrades!

We are Nación Andaluza Infantist Youth (JINA). We defend the independence of the Andalusian nation from the Spanish state to build socialism in our country, as the father of our country, Blas Infante, defended.

From the Andalusian revolutionary youth we wish you a productive Congress of the Communist Youth of the USA, we wish you that from this congress and debates a line emerges to advance towards socialism, with unity and firmness. Also from the JINA we are delighted to send you this greeting because we believe that the revolutionary youth must be united and in brotherhood, since only worker solidarity and proletarian internationalism can shake capitalism to the point of burial. Fuck Biden, Fuck Trump, Fuck Sanders, Fuck Capitalism, Fuck NATO!

Glory and unity to the Congress of the Communist Youth of the USA!

¡Viva Andalucía Libre y Socialista!
