Greetings from the Kerala Socialist Youth Federation (KSYF) - India

On behalf of KSYF, we first of all thank the organizers of this program for giving us the wonderful opportunity to greet the Second Congress of the IYC.

KSYF is a new thinking Socialist Youth movement functioning in India for the past 36 years. It was formed as the Youth wing of the Communist Marxist Party (CMP) in 1986. The founder of CMP was late Com. M.V. Raghavan and now Com. C P John is the General Secretary of the party.

We uphold Marxism as the leading light of our organisation. We appreciate the thoughts of Com. Rosa Luxembourgh who proposed Democratic content in Socialist Society. KSYF is committed to fight for the Democratic aspirations of the Indian Youth. We identify various problems faced by the youth and take up appropriate actions and agitations to resolve them. KSYF makes sustained efforts to imbibe and spread ideas of Socialism, Secularism, and Democracy.

And we hope IYC and KSYF along with several other socialist youth organizations across the world can spread the idea of Socialism in the 21st Century. Let us unite for fighting against the Imperialist forces and anti-Democratic, neo-Fascist trends and shall forge ahead with the unity of youth and working class in all Countries.

Let the Second Congress of the IYC be a big Success.
