**Comrades of the Communist Party of the United States of America (CPUSA)  
Comrades of the Young Communist League USA (YCLUSA)**

Greeting of the struggle,

It's my pleasure to salute you on behalf of the members of the Palestinian Popular Struggle Front (PPSF) political office and central committee, as well as all cadres of the PPSF. I also convey to you the greetings of the comrades of our youth organization – the Youth Union of the Struggle- as you hold YCLUSA second congress.

As you light the flame of struggle for socialism, democracy and justice, through renewal and constant giving embodied in YCLUSA, whose founding has been a glimmer of hope in the US society that suffers domination of imperialism and capitalism, while our Arab peoples, and on top of which our Palestinian people suffer from the hostile attitudes by the successive administrations.

The Palestinian people is struggling for the right to freedom, self-determination, ending the brutal Israeli occupation, and the establishment of an independent Palestinian state with Jerusalem as its capital. The official stances of your country, as manifested in the biased decisions in favor of Israel as an occupation power, which denies the Palestinian rights; have negative role that make it lose the status of the sponsor of the peace process. Over the past years USA has been a partner in the policies and practices of the occupation, challenging the values, principles, and democratic and humanitarian ideals of the American friendly people, who has been misled through the directed media controlled by the Zionist lobby in the United States.

We trust the authenticity of your affiliation to the progressive socialist thought and the communist identity you embrace, with all the seeds of goodness, giving, peace, solidarity and friendship among the peoples of the world. We hope that your congress will have a supportive position of the just and legitimate rights of the Palestinian people, denounce the occupation of our territories, and urge the US administration to stop the policy of double standards and stop its hostility towards the peoples of the world by creating more crises and threatening peace and stability in the world, rather than giving hope of a better future.

We wish your second congress all the success, and to mark a new distinguished phase in the struggle of CPUSA and YCLUSA. We are keen to improve mutual relations between PPSF and CPUSA based on solid friendship, mutual respect and appreciation for the benefit of both sides.

Long live friendship.. Long live socialism  
May your struggle be everlasting

Your comrade
