"The U.S. working class' struggle to overcome the divisive effects of racism toward the peoples of Asia, the U.S. Asians, and all racially oppressed peoples in the U.S. is an essential prelude for the unity of all anti-monopoly and anti-imperialist forces."

"Step by step, along the struggle, by studying Marxism-Leninism parallel with participation in practical activities, I gradually came upon the fact that only socialism and communism can liberate the oppressed nations and the working people throughout the world from slavery."

**- Ho Chi Minh**
